

This week is the last week of the school year, a week where children begin to wind down and do lots of learning and playing outside.

This week my plan is different and I have just made a list of activities that you could be working on with your children.

- Read, read and read. I can't wait to read with all your children again in September and daily reading is essential to every child. They could read signs in a shop, a page a day, a magazine, a cereal box- anything they want.
- Counting in 2s, 5s and 10s.
- Recognising numbers to 100.
- Writing sentences that include capital letters, full stops and finger spaces.
- Numbers bonds to 10- adding and subtracting numbers within 10, eg 8+2, 7-3 etc
- Saying the alphabet and ordering the alphabet correctly
- Recognising all phase 3 sounds. Can they read and spell words containing each sound?

- Reading analogue time - o'clock.
- Have lots of fun!

This year was a year that we will all certainly remember forever and I just want to say well done and thank you for all your support, to all the parents and children for working so hard and doing their best during the last few months.

I hope you all have a wonderful summer where you get to relax, have fun and let's hope the sun keeps shining!

I will keep the class facebook page open this summer and if anybody needs to contact me, please do so via email or the facebook page if you need anything at all!

See you all in September!

Love Mrs Gray
